

RATE SCHEDULE TFX
Firm Throughput Service

Delivery Points

a) Primary Firm Delivery Points.

- (1) Flexibility. Shippers may request to amend their agreements to add, change, or delete primary firm delivery points as limited by the firm throughput service agreement as discussed above. Approval of such request will be subject to capacity availability and operational considerations.

No geographical limitations will be placed on the availability of amended delivery points within the service area provided by the contract.

Other than the discount provision below, there will be no reservation fee impact if delivery points are moved solely within the Market Area or moved solely within the Field Area.

- (2) Discounts. Any discount granted (reservation or commodity) at a primary delivery point will not be automatically granted at an amended or alternate delivery point.
- (3) Deletion of Original Primary Delivery Points. If an original primary delivery point is deleted through an amendment, the capacity at that original primary point will not be held for that Shipper.

b) Alternate Firm Delivery Points.

- (1) Flexibility. All delivery points on the system will be available for use as alternate firm delivery point (including zone deliveries to a specific customer) within the service area provided by the contract and subject to operational considerations. A Shipper may not have delivery point flexibility between the Market Area and the Field Area (or vice versa) unless the Shipper has combined Field Area/Market Area contract.
- (2) Discounts. Any discount granted (reservation or commodity) at the primary delivery point will not be automatically granted at the alternate delivery point.
