

GENERAL TERMS AND CONDITIONS

18. ELECTRONIC COMMUNICATIONS

- A. Communication of Pricing and Capacity Information. Northern has established and maintains an Internet website to comply with the requirements of contemporaneous communication of and equal and timely access to certain information to all "potential shippers."

Northern's currently effective Volume No. 1 tariff, as revised from time to time, is posted on Northern's website. Therefore, Northern will not provide paper copies of the tariff to its customers and interested state commissions unless specifically requested to do so.

In addition to general information regarding the availability and pricing of transportation services and the availability of pipeline capacity (at receipt points, on the mainline, at delivery points, in storage fields, new capacity and capacity as to which Northern has exercised its right of pregranted abandonment), Northern will post information with regard to the Right of First Refusal process, capacity release, imbalance transfers, curtailment, points available for nominations, points available for pooling, and open season information. Shipper has the option to directly post capacity release terms. Northern will also post such pricing and capacity information upon specific request by shippers and potential shippers. Additionally, Northern will post capacity wanted notices for prospective Shippers. Northern will regularly remove information as to completed transactions and other matters which have become obsolete.

Daily back-up records will be maintained for three years and will be accessible to customers in electronic form upon written request. Shipper shall reimburse Northern, upon billing, for any copying and mailing costs associated with such requests.

For further information relative to the website, including fees and usage charges, potential shippers should contact Northern through use of the website link "contact us" or at 1-866-810-5268.
