

29.6 Other Flow Orders

Northern and Shipper may agree to a contract specific receipt or delivery point flow requirement which could require receipts from or deliveries to the primary points under a Shipper's firm agreement in order to alleviate conditions on Northern's system that threaten the safe operations or system integrity or to maintain conditions on Northern's system that are required to maintain safe operations or system integrity. Northern and Shipper may agree to discount the transportation rate, provide a contribution in aid of construction, or other consideration consistent with the terms of Northern's FERC-approved Tariff as the consideration for a contract specific flow order. Northern will post on its Internet website, under Transactional Reporting, applicable provisions and consideration provided under this provision.
