

163/ For the period 11/01/2014 through 10/31/2024, if Shipper uses (not as a result of an oversight or scheduling error) any delivery point other than the (i) St. Ansgar IA #1 (POI 3818) town border station on a primary basis; (ii) Zone ABC-Black Hills (POI 60228) for ultimate redelivery to the St. Ansgar IA #1 on a primary basis; or (iii) Ogden Def. Delivery Point for ultimate redelivery to the St. Ansgar IA #1 on an alternate basis, Shipper shall pay a reservation fee equal to two times Northern's maximum reservation rate for the entire contract MDQ for the month that any other points are used.

168/ For the period 03/01/2015 through 03/31/2015:

The total daily rate for the Contract MDQ shall be the arithmetic value obtained from the formula $[\$0.02 \text{ plus } (Z \text{ times } D \text{ times } E)]$ (rate) where (Z) = the Midpoint price from "Gas Daily" Northern, Ventura minus the Midpoint price from "Gas Daily" Northern, demarc minus \$0.02; (D) = 0.50; and (E) = the greater of (i) the target percent (%) of Primary to Alternate and Alternate to Primary of scheduled quantities through the applicable mainline groups(s) between Demarc and Ventura for the Timely Nomination Cycle for each gas day (the preliminary scheduled % is 100% unless posted otherwise in a non-critical notice on Northern's website for group allocation details for a gas day) or (ii) the actual % of MDQ scheduled on this contract to the Ventura Pooling Point during the Timely Nomination Cycle. However, in no event will the daily rate be less than \$0.02. The monthly rate will be the sum of all daily rates.

In addition to the above rates, Shipper shall provide any applicable fuel use and unaccounted for.

The rates set forth above are applicable to primary receipts and alternate delivery points listed. Shipper agrees that if any receipt or delivery points not listed are used either on a primary or alternate basis, the rates set forth above will not be applicable and Shipper shall pay the higher of the rates set forth above or Northern's maximum rates each day for the entire contract MDQ for the month that any points not listed are used.
