

188/ For the period 11/01/2016 through 12/31/2025, Shipper shall pay a monthly reservation charge equal to \$1.0715/Dth/day multiplied by the contract MDQ multiplied by 30.4 (Negotiated Reservation Rate). However, in the event the Actual Cost of the Hazel interconnect is less than the estimate utilized to derive this Negotiated Reservation Rate, the Negotiated Reservation Rate will be adjusted down to the extent the Actual Cost of the Hazel interconnect is lower than the estimate.

In addition to the Negotiated Reservation Rate, Shipper shall (i) pay a commodity rate equal to the maximum commodity rates provided in Northern's FERC Gas Tariff; (ii) provide any applicable fuel use and unaccounted for; and (iii) pay all FERC-approved charges and surcharges applicable to the service provided herein.

If the Negotiated Reservation Rate is or becomes less than the maximum winter rate set forth in Northern's FERC Gas Tariff, multiplied by the MDQ multiplied by 30.4 (the product being the "Maximum Rate"), such Negotiated Reservation Rate would be applicable only to the receipt point NBPL/NNG Hazel (POI #79244) and delivery points Zone ABC-Sioux Center (POI #3110) and Sioux Center IA #1 (POI #4065), as applicable, on a primary basis, and all Market Area receipt points on an alternate basis. If any other points are used either on a primary or alternate basis, Shipper shall pay the higher of the Negotiated Reservation Rate or the Maximum Rate for the entire contract MDQ during the month that any points not listed are used. In the event of a realignment of any of the entitlement, Shipper shall pay the higher of the Negotiated Reservation Rate or the Maximum Rate for the realigned entitlement through the remaining term of the Agreement, in addition to any other charges that may be applicable.

189/ For the period 11/01/2016 through 10/31/2019, Shipper shall pay a base reservation rate equal to \$0.0800/Dth/day for Field Area MDQ; provided quantities scheduled under the Agreement do not exceed 12,000 Dth/day. If quantities scheduled under this Agreement exceed 12,000 Dth/day, Shipper shall pay an additional reservation fee equal to \$0.20 Dth/day for quantities scheduled under this Agreement in excess of 12,000 Dth/day.

In addition to the reservation rates, Shipper shall (i) pay a commodity rate equal to the minimum commodity rates provided in Northern's FERC Gas Tariff; (ii) provide any applicable fuel use and unaccounted for; and (iii) pay all FERC-approved charges and surcharges applicable to the service provided hereunder.

The rates set forth above are applicable to the receipt and delivery points (POI) listed. Shipper agrees that if any receipt or delivery points not listed are used either on a primary or alternate basis, the discounted rates set forth above will not be applicable and Northern's maximum reservation and commodity rates will apply for the entire contract MDQ during the month that any points not listed are used.

If Shipper realigns any receipt or delivery point(s) for service under this Agreement, Shipper shall pay the maximum reservation and commodity rates for the entire MDQ for the remaining term of the Agreement, unless agreed to by Northern.
